4. I believe that every insurance company doing business in the state should be required to deposit a certain per cent of their capital stock with the state treasurer as a solvency to be attached in case they fail to meet their contracts promptly.

5. Am in favor of repealing the hunter's license law.
6. Am a friend to the rural police system so long as it is self-sustaining.

7. I oppose compulsory education.
8. As the supervisor's office is one of the most important in the county, I believe the salary should be \$1,500 and term of office two years.

9. I believe the people should be given an opportunity to vote on all bonded indebtedness.

10. Am a friend to liberal pensions for old soldiers.
11. At the next session of the legislature I believe in passing a law exempting all boys and men who take a part in the present war from poll and road taxes the remainder of their lives.

12. I believe in making an appropriation at the next session of the legislature to erect a monument on the court house square to the honor and memory of the boys in the present war, and also one to the honor and memory of the old Confederate soldiers.

13. Am in favor of dedicating one of the rooms in the court house to the honor and memory of the boys in the present war and making an appropriation to put such furniture in it as necessary, and to have all the boys who leave for the war to leave in this room a photo and short biography of his life, and if any of them are killed to place on the walls of this room a marble tablet to each one killed.
